

creating *wealth* for your **Children**

When it comes to our kids, we dream big. We are ready to make the sacrifices to realise those dreams. Then, why do some of us manage to do much better for our kids than others? The answer lies not in fatter pay cheques but the way our incomes are utilised. This not only involves the way we spend our incomes but also the way we invest them to create wealth for our children – be it for their higher education abroad or marriage.

In this book, reputed financial planner, Veer Sardesai, provides you with a step-by-step approach to accumulate wealth for you kids – from the time they are born, till they grow up and need your help to meet their cherished goals. Sardesai tells you how to do this and more without leading a hermit's life nor having to rely on harsh sacrifices at the time of reckoning.

ABOUT THE AUTHOR

Veer Sardesai is one of India's first financial planners, beginning his practice from 1996. Besides an engineering degree, Sardesai has an MBA from the Kelley School of Business, Indiana University, USA, and is a regular columnist on personal finance issues in some of the country's leading publications. A denizen of Pune, he is a nature lover, an avid aquarist and enjoys photography.
